

North West Commercial & Industrial Waste Survey

Thank you for taking part in this important regional survey; this is a pack of information to help you understand why we are doing this survey and what information we need from you. To help us complete this survey with minimal disruption to your day:

- Please do your best to keep the appointment
- The survey is of ALL wastes produced by your company on the site you are based. This includes any:

Process wastes, hazardous wastes, kitchen wastes, office waste, scrap metal, scrapped electronics, fluorescent lamps etc, whether you recycle these or not

- Please prepare by having relevant documents (invoices, transfer notes for 2008/9) available

Thank you for your help.
